Please list any medication to be given while here:

Flea Control Used: (information is needed for bathing) _____
Date Due: _____

If someone else will be picking up your pet, please provide their name and phone number:

For your pet's safety, all pets boarding at Northgate Animal Clinic are current on all vaccinations or will be admitted to the quarantine area. Each pet is inspected for fleas upon arrival. A capstar pill is given at the owner's expense, if needed. For the safety of all resident pets, each pet will receive a fecal examination to test for intestinal parasites, and will be dewormed, if needed, at the owner's expense. Prior to going home, pets that have been boarding for two nights or more will receive a clean-up bath at no cost to the owner. If you prefer a full bath (nail trim, anal glands expressed, ears cleaned), please request this prior to the pick up date. All reasonable precautions are taken to ensure your pet's safety and comfort while boarding. Should your pet display symptoms of illness during their stay, evaluation and treatment will be rendered accordingly. If this happens, every attempt will be made to contact you regarding their illness. By signing, you are accepting responsibility for charges incurred by your pet while at Northgate Animal Clinic. Every effort is made to accommodate your wishes regarding multiple pets boarding in the same cage. Should an altercation occur between pets that are caged together, the pets will be separated at our discretion. By signing, I also understand that pets unclaimed after 5 business days are considered abandoned and relinquished to Northgate Animal Clinic.
